

Testing Worksheet General-Purpose Disinfectant Product

BS EN 1276:2019

Company Name: Sanigone Ltd

Contact Name: Barrie Jacobs

Contact Email:

Purchase Order No: 12856-A

Report Date: 13/07/2020

**Melbec Ref Number:** 16499

**No. of Samples:** 1

**Name of Test Product:** Surface Disinfectant - Sanigone Room Sanitizer

**Batch Number:** #1

## Testing Worksheet General-Purpose Disinfectant Product

BS EN 1276:2019

### **Sample Details:**

|   |                    |
|---|--------------------|
| Manufacture / Supplier:   | Sanigone Ltd       |
| Product storage conditions:   | Ambient            |
| Appearance of the product (as supplied):                            | Clear colourless   |
| Appearance of the product (after dilution):                         | N/A                |
| Appearance of product with interfering substance and test organism: | Opaque             |
| Active substance and concentration:                                 | DDAC               |
| Product dilutions/concentrations:                                   | Ready to Use (RTU) |
| Diluent used to dilute product:                                     | N/A                |
| Incubation temperature:   | 36 degrees         |

The test product was in satisfactory condition for testing when received.

Date product received: 23/04/20

Test Date: 27/04/20

### **Experimental Conditions:**

|                        |  |
|------------------------|--|
| Interfering substance: | Bovine Albumin (dirty 3.0g/l)  |
| Test temperature:      | 18 to 25 °C  |
| Contact time:          | 5 Minutes  |
| Test organisms:        | Pseudomonas aeruginosa ATCC 15442<br>Staphylococcus aureus ATCC 6538<br>Escherichia coli ATCC 10536<br>Enterococcus hirae ATCC 10541 |

### **Requirements of the Standard:**

The test product shall demonstrate at least a 5 decimal logarithm (lg) reduction when tested in accordance with this standard under simulated clean or dirty conditions.

## Testing Worksheet General-Purpose Disinfectant Product

BS EN 1276:2019

### **Conclusion:**

For the product Surface Disinfectant - Sanigone Room Sanitizer, [#1] the log reduction requirements as specified in EN 1276:2019 (5 lg within the relevant contact time) were met.

Testing carried out by:
